Dedication

Cloice M. Burrell

As editor of The Widget, it is my privilege and pleasure to write this dedication. Working on the annual these past months has brought my staff and me into close contact with many of our administrators and faculty members. Consequently, we have reached the sincere conclusion that Mr. Cloice Burrell is a most worthy man for the dedication of this book.

This is being written as my own personal opinion, but it could be the feelings of any student who has had any association with Mr. Burrell. On many occasions I have entered his office with various problems. Without fail, he would lay aside whatever he was doing at the time, and offer his help in the solution of these problems. I have never found him unwilling to assist anyone, with every means within his power.

In conclusion, I encourage those of you who do not know Mr. Burrell, to make an effort to do so. I am sure you will find him a helpful friend, just as I have.

OPEN LETTER TO THE STUDENT BODY

The Student Government of 1966-67 almost wasn't. It appeared, for a time, that the government which was started in the 1965-66 school year would not survive. If it had not been for the persistance and cooperation of the staff and faculty of Durham Technical Institute, especially Mr. Kyle Jones, the Student Government would have died a silent death.

Under the direction of Mr. Jones, each department was asked to select a representative for the Student Government. Since the original government had been dissolved before the end of the 1965-66 school year, this year's government started from scratch. By the selection of representatives from each department the nucleus of the government was formed.

The new government started with the by-laws of the past government. We were all in agreement that they were excellent and that no major changes were needed. Under these laws the government very reluctantly selected a slate of officers for the 1966-67 school year. Our purpose or aim was not to corner the government for ourselves. It seemed to be the best means for getting the government functioning again as soon as possible. Your government's hope is that we did not violate your trust by doing so.

The government's accomplishments were not as many as we would have liked. We did, however, make some advancements; the most important of which was to establish a channel of communication between the students and the faculty and staff, Unfortunately, this channel was not utilized to its fullest, but at least it is a start.

Also, the school, through the Student Government, did establish a sports program which will function through the Durham Recreation Department. At this writing, your government is in the process of initiating a school newspaper. We hope to be in publication by the spring quarter.

The school is experiencing growing pains as everyone can see. Many of the goals that the government would have liked to accomplish this year can better be done in the future due to the acquisition of more space, which will be incorporated in the new building for such purposes.

Elections for the 1967-68 school year will soon be forth coming. Your government urges you to give careful thought and consideration to the candidates who will be running for office, for it is through these officers that the government must function. It is this government's hope and plea that you as future students will insist on a solid student government.

It is your government and only you can make it work.

Richard T. Kale
Student Government President

CANDID

OK, the answers are True, False, True, True, False, True, False, False, True, True, True, False.

Please Mr. Collins, it's my turn to ride.

Alright now, whoever did this cover it up.

Chemistry classes will now be held in room 82.

...and $2.00 on Pretty Lady in the fifth race.

Who'se been eating my porridge?

Does any one have a Band-Aid?

Monday, Monday...

...and now for my next trick...

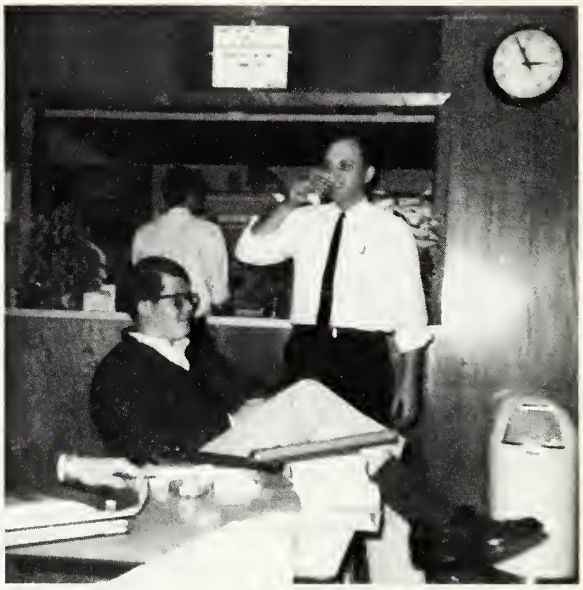
Now where do you put the paper in.

Three eggs, one cup of flour...

This is only a warning. Next time you park like that it will cost you $3.00.

... ah now, red carpeting or blue and white carpeting?

What do you mean I should wear garters.



Here's to those who wish us well
And all the rest may go to ----.

Are you sure the game is today?

Hey, catch my wooden leg!

Mr. Clean gets rid of dirt and grime and grease in just a minute...

Wake up, it's your move.

...and now for our Physical Therapy Class...

They want air conditioning in December?

Alright, I'll wash, you two dry.

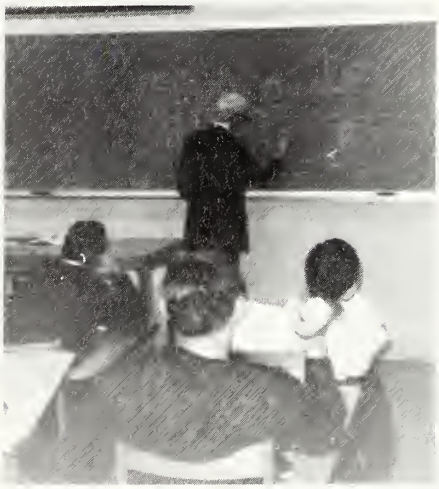
Now listen here Mack...

Mrs. Scoggins, what did you put in that Coke?

Have you heard the one about the traveling salesman who...

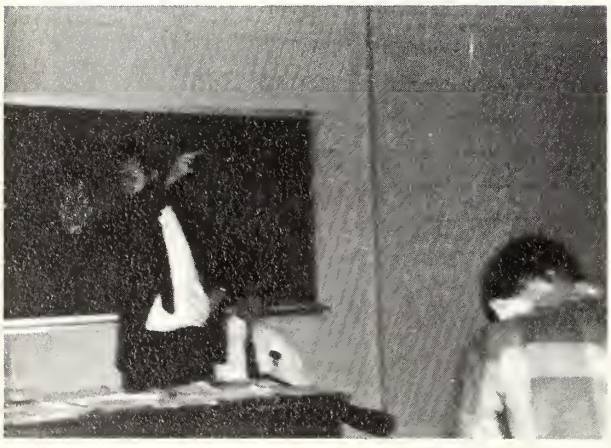
Aw...come on out Mr. Reitsma.

It's a bird, it's a plane, it's a... bird.



...and the quarterback fades back for a pass...

They'll probably go on talking about Coke all day.

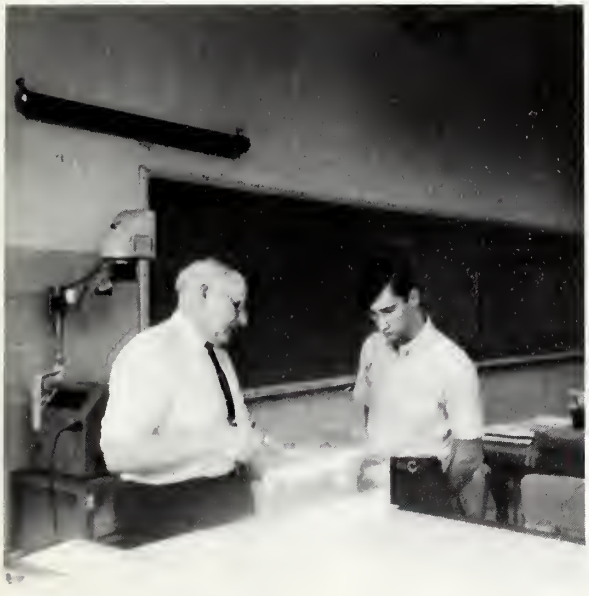


First door on your left next to the lounge.

Well, the darn thing worked this morning.

OOOOH Babeeee
Belly-bumping in DLT

Working their way through school.



$$\frac{4x}{7yi} + 3T(77w - 3p + 201xi) + x^{e^{13}} = 1$$

See, it's as simple as that.

Hey, whatcha doin'?

Hey, play that new one by the Stones.

There must be an easier way to crack walnuts.

Darn if I know!

Brownie Points

If you can't brush after meals, chew Dentine Chewing Gum.

How am I going to make six spades and you don't have any trumps, Dummy?

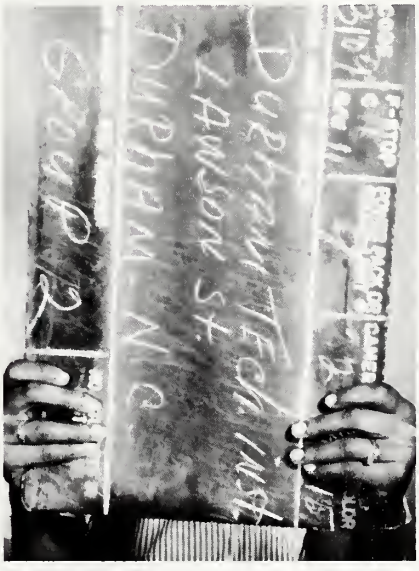
No wonder you couldn't work the problems, you have the wrong crib sheet.

Is this going to hurt, Doc?

Who took that jack?

Frankly, all it needs is a new rubber band.

But have you tried a man's deodorant?



This is the best picture I've ever had made.

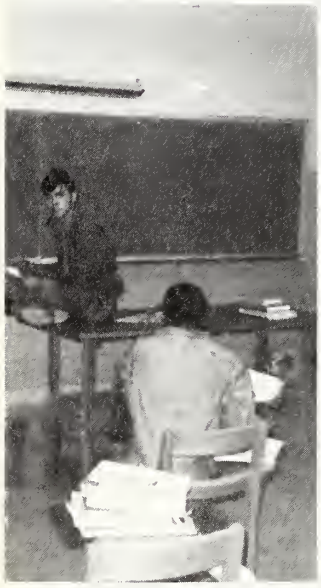
Who dropped this toupee in the coffee pot?

A S D F space J K L ;

Break 55 minutes, Lab 5 minutes

Old Man Adams, the sourest man in town

Join the Metrecal for lunch bunch



What else did you learn in yoga?

Good Lord, I dropped my wallet in the...!

"There are those who also serve, who only sit and wait."

Hold still, there's a mosquito on your forehead

Let's see, is this the button that starts WW III?
